An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 6/15/09, John W. Fitzpatrick requested an extension of time for 1 MONTH and authorized the Director to charge Deposit Account No. 08-0750 the required fee of \$130 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 1, line 5, cancel "or less".

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach, suggest or appreciate the claimed 2 different criterion as set forth for the fumed silica particle diameters (i.e. that the number of pieces/ml in the individual criteria must be different and are defined by the claimed amounts).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael A. Marcheschi whose telephone number is (571) 272-1374. The examiner can normally be reached on M-F (8:00-5:30) First Friday Off.
